EDUCATION

Degree/Certificate	Institute/Board	CGPA/Percentage	Year
B.Tech	Indian Institute of Information Technology, Pune	7.60	2026 [till sem4]
Senior Secondary	CBSE Board	88.0%	2024
Secondary	CBSE Board	95.4%	2022

PROJECTS

- Spotify Web Clone** Dec. 2025 - Jan. 2026
Full-Stack Music Streaming Application (Held my development to a perfection)
 - Developed a **full-stack Spotify-inspired music streaming application** using **HTML, CSS, JavaScript, Node.js, Express.js, and MongoDB**
 - Designed and implemented **RESTful APIs** following standard REST conventions, using appropriate HTTP methods, status codes, and structured JSON responses for managing songs, playlists, and user data.
 - Integrated **MongoDB** for persistent storage of user accounts, playlists, and music metadata
 - Implemented user authentication and authorization using **JWT and bcrypt**, enabling secure login and protected access to personalized playlists and user-specific features.
 - Designed dynamic playlists and optimized the application for **responsive performance across desktop and mobile devices**
 - Implemented a **mood-based playlist** feature that dynamically filters and organizes songs using user-selected moods and song metadata.
- Resource Management System** 2026
Full-Stack Resource Management Application Github
 - Developed a full-stack resource management system using **React, Java, Spring Boot, and H2 Database** for tracking organizational resources
 - Contributed to the React-based dashboard for displaying and managing resources allocated across faculty offices and classrooms
 - Implemented multi-parameter search and filtering by resource name, type, and working status using React state management
 - Designed responsive resource views and status indicators for real-time monitoring of working and non-working resources
 - Collaborated in a team of four to integrate the frontend dashboard with backend REST APIs for resource management

SKILLS

- Programming Languages:** C++, Python, JavaScript, Java
- Web Development:** HTML, CSS, React.js, Node.js, Express.js, REST APIs
- Machine Learning & AI:** NumPy, Pandas, OpenCV
- Databases:** MySQL, PostgreSQL, MongoDB
- Tools & Technologies:** Git, GitHub, Linux
- Core CS Subjects:** Data Structures & Algorithms, Object-Oriented Programming, Database Management Systems, Operating Systems, Computer Networks, Software Engineering

POSITIONS OF RESPONSIBILITY

- Core Team Member**, ACM SIGCHI Student Chapter, IIIT Pune Aug. 2025 - Present
 - Contributed to the Web Development Department and supported the chapter's technical initiatives
 - Collaborated with team members in organizing events and maintaining the chapter's online presence
- Event Manager**, Quantum Club, IIIT Pune Aug. 2024 - Present
 - Conducted an online plus offline inter college event "**Equation**" for this 1000+ audience
 - Also responsible for the social media management and various content initiatives of the Club across platforms
 - Manage the group presentation and group discussions of the **Weekly Presentations on Maths** and club meetings respectively

ACHIEVEMENTS

- Leetcode**, 1450+ Rating | 125+ problem solved
- Codechef**, 1432 Rating (2★)
- Intra college HACKATHON** :, Secured **3rd Rank** (Video Generation in group)
